1. Installing the App

Scan the QR code below with the QR code reader on your device to go to the app store, and install the app from there.

iPhone (iOS) users

Install from the App Store

<https://itunes.apple.com/jp/app/well/id1434515379>

Android users

Install from Google Play

<https://play.google.com/store/apps/details?id=jp.andwell>

2. Launching the App [Setting a Password]

You need to set up the app when you log in for the first time.

If this is the first time you've downloaded it, please follow the procedure below to set it up.

Step1

Press **1** the app icon.

Step2

A splash screen will appear.

Step3

Read the terms of use and privacy policy, then press **2** the "I Agree" button.

Here, the app will ask for permission to send notifications.

Press **"Allow."**

2. Launching the App [Setting a Password]

How you set your password will vary depending on the account you were given by your company.
Check the format of the account you have been given, and go to the respective page.

1 If your account is **your email address**

e.g.) `aaa123@andwell.com`

Set your password by referring to
pages 5, 6, and 7.

Note: Once you've set it, go to "Linking with External Apps" on page 11.

2 If your account is
an **alphanumeric character string**

e.g.) `andwell12345`

Set your password by referring to
pages 8, 9, and 10.

Note: Once you've set it, go to "Linking with External Apps" on page 11.

2-1. Launching the App [Setting a Password] If Your Account is Your Email Address

Note: If your account isn't your email address (if it's an alphanumeric character string), please refer to [page 8 and onward](#).

Step1

Enter your email address in ①
Please use your company email address.
Press ② "Send."

⚠ <Note>

There will be a message saying "This tenant user is not registered" if you enter an email address that isn't the one you registered with your company.

- Is it the same address that you use for your company?
- Is there no mistake in spelling?
- If your account is an email address provided by a carrier, do the steps on [page 7](#) first.

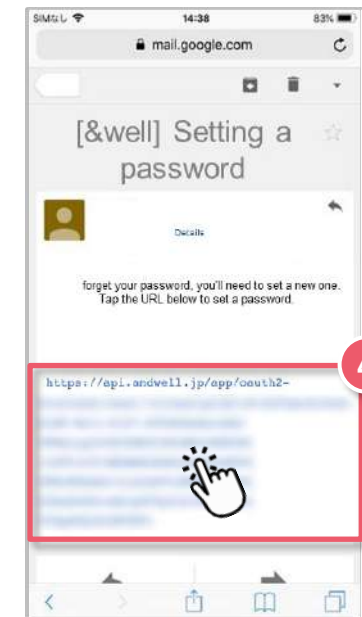

Step2

When you're taken to the screen shown in Step 2, it means an email has been sent to the email address you entered in ①.

Press ③ "Back."

Step3

Check the email sent to the address you entered in ①.

Click on ④ the "URL" provided in the email.
You'll be taken to the password setting screen.

Note: If your account isn't your email address (if it's an alphanumeric character string), please refer to [page 8 and onward](#).

Step4

You'll be taken to the password setting screen.

5 Set a login password and enter it.

Once you've entered it, press **6** "Set."

Note: 4 or more half-width alphanumeric characters

Step5

When you're taken to the login page, enter **7** "your company email address" and "the password you set."

Once you've entered them, press **8** "Log In."

After logging in, link with external apps. (Refer to "How to Link with External Apps" on [page 11](#) onward.)

If the account you were given by your company is an email address provided by a cell phone carrier, please note the following points.

The following anti-spam measures cell phone carriers use can prevent emails from being delivered correctly.

- Only allowing emails from specified domains to be received
- Providing a strong level of anti-spam protection

How to Fix It: Whitelist the Domain

Set the following email domain as allowed to be received.
Domain name: **andwell.jp**

How to set up using a smartphone

docomo users:

https://www.nttdocomo.co.jp/info/spam_mail/spmode/domain/

au users:

<https://www.au.com/support/service/mobile/trouble/mail/email/filter/detail/domain/>

SoftBank users:

<https://www.softbank.jp/mobile/support/mail/antispam/email-i/white/>

2-2. Launching the App [Setting a Password]

If Your Account is **an Alphanumeric Character String Other Than Your Email Address**

You need to set up the app when you log in for the first time.

If this is the first time you've downloaded it, please follow the procedure below to set it up.

Note: If your account is your email address, please refer to [pages 5 to 7](#).

Step1

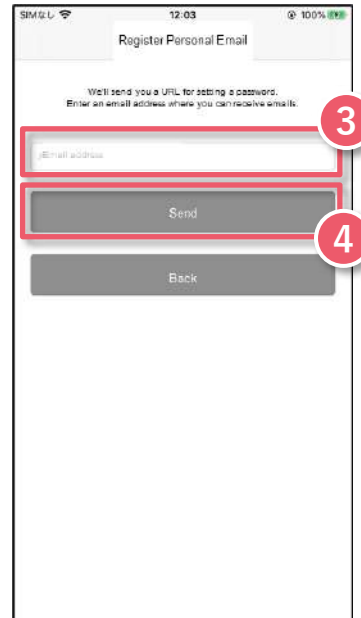

Enter the information in **1**.

Registered Account: The character string you were given by your company

Password: The initial password you were given by your company

Press **2** the "Log In" button.

Step2

Enter **3** your "personal email address."

(Using a company email address is recommended in some cases. Please check with your company for information.)

Note: Please check that your email address is correct. We recommend setting an email address other than one provided by a cell phone carrier. If you want to register an email address provided by a cell phone carrier, [please do the steps on page 10 first](#).

Press **4** "Send."

Step3

Check the email sent to the address you entered in 3

Click on **5** the "URL" provided in the email.

You'll be taken to the password setting screen.

2-2. Launching the App [Setting a Password]

If Your Account is **an Alphanumeric Character String Other Than Your Email Address**

Note: If your account is your email address, please refer to [pages 5 to 7](#).

Step4

You'll be taken to the password setting screen.

6 Set a login password and enter it.

Once you've entered it, press **7** "Set."

Note: 4 or more half-width alphanumeric characters

Step5

When you're taken to the login page, enter the **"character string you were given by your company"** and the **"password you set."**

Once you've entered them, press **9** "Log In."

After logging in, link with external apps. (Refer to **"How to Link with External Apps"** on [page 11](#) onward.)

2-2. Launching the App [Setting a Password]

If Your Account is **an Alphanumeric Character String Other Than Your Email Address**

If you register an email address provided by a cell phone carrier, please note the following points.

The following anti-spam measures cell phone carriers use can prevent emails from being delivered correctly.

- Only allowing emails from specified domains to be received
- Providing a strong level of anti-spam protection

How to Fix It: Whitelist the Domain

Set the following email domain as allowed to be received.

Domain name: **andwell.jp**

The initial setup is now complete.

5. Reference Fitbit Initial Setup: iPhone (iOS) / Android

How to pair with a Fitbit wearable device (tracker)

1 Activate the "Fitbit" app on your smartphone.

2 Log in with **1** your "account".

3 Press **2** the "account icon" at the top right.

4 Press **3** "Set Up a Device."

5 Press **4** "Select your tracker" and press it.

6 Press **5** "Set Up."

7 After reviewing the terms, press **6** "I Agree".

8 Press **7** "Next."

Turn on your tracker to get it ready.

8 A "pin code" will appear on the tracker side.

The data acquired by your wearable device needs to be paired by activating the Fitbit app on the smartphone side.
Note: Your smartphone's Bluetooth needs to be turned on.

Next Page

How to pair with a Fitbit wearable device (tracker)

9 Enter 9 the "pin code".

10 Follow the tutorial and press 10 "Next."

11 "Select your wrist placement" and press 12 "Next."

13 Tap 13 "Done" to complete pairing.

Reference: Linking with Wearable Devices Other Than Fitbit

- ◆ Besides Fitbit, other wearable devices like Apple Watch and Garmin can also be linked with the &well app.
- ◆ With Fitbit, you directly link the Fitbit app with the &well app. You can link other wearable devices with the &well app as long as they can link with iPhone (iOS)'s Health or Android's Google Fit.

In this case, you'll need a separate connector app. For how to link your wearable device with Health or Google Fit, please ask the device manufacturer or check their website, etc.

6. Reference Settings on your Fitbit after switching to a Google account . Similar to iPhone (iOS) and Android

Only users with Fitbit terminals can use this service.

This is the procedure for those who transferred their Fitbit account to a Google account.

Step 1

After navigating the tutorial screen described in Step 1 on [page 14](#), select **1 Fitbit** as the external application to link.

Step 2

When you select Fitbit, you will be asked to log in. Select **2 Continue with Google**.

Step 3

Select **3 [Google Account to link]**.

* Please refer to [pages 18 to 19](#) for the initial settings to link with Fitbit.

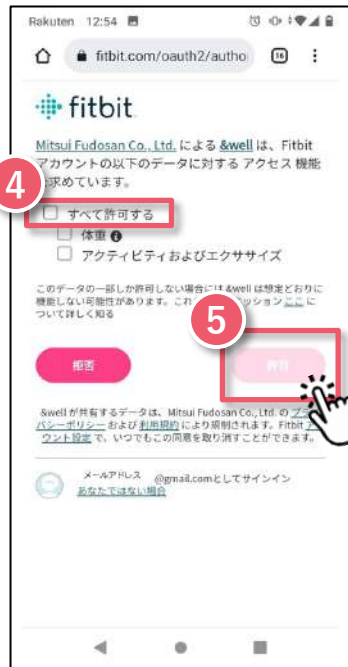

6. Reference Settings on your Fitbit after switching to a Google account . Similar to iPhone (iOS) and Android

Only users with Fitbit terminals can use this service.

This is the procedure for those who transferred their Fitbit account to Google account.

Step 4

After logging in, select ④ [Allow All] and press ⑤ [Allow].

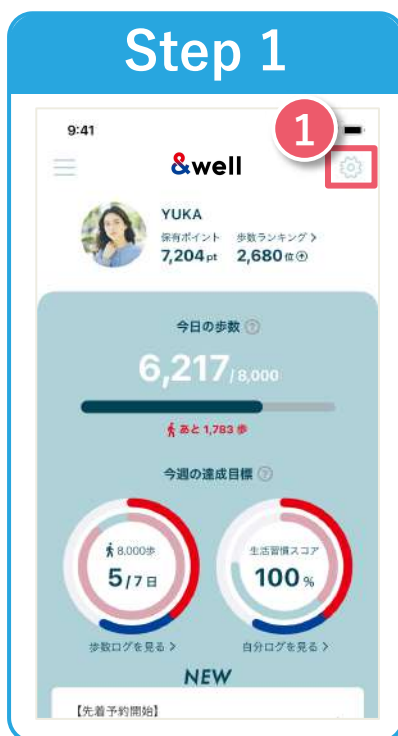

* Please refer to [pages 18 to 19](#) for the initial settings to link with Fitbit.

Frequently asked questions are listed on the right URL

URL : <https://go.andwell.jp/faq>

If the FAQ doesn't resolve your issues, please contact us via the &well app

Start the &well app. Once it's started up, press **1** the "gear icon" in the top right corner of the screen.

2 Press "Inquiries."

The personal information entered will only be used to send prizes for this event. We'll destroy it one month after the prizes have been sent. Please note that we may also share it with third parties as we deem necessary to deliver the prizes.
